A WORD FROM CUNG LE

It is my pleasure to extend a personal invitation to martial artists of every style. Please join me at the *BORN TO FIGHT IV Martial Arts Shootout and Super Fight Night*. This year's events will be divided into two segments. The first half will be the *Martial Arts Shootout* day tournament and the second half will be the *Super Fight Night* evening bouts. Scheduled for July 24th, 2004, it will be hosted in San Jose at the Mt. Pleasant High School gymnasium.

As a martial artist with a background in Tae Kwon Do, Jiu Jitsu, wrestling and traditional Kung Fu, I want to encourage competitors from all martial arts backgrounds to participate in this very competitive tournament. Like many of you, I knew nothing about the style of Sanshou fighting until I had the opportunity to compete. I participated in my first Sanshou tournament back in the mid 90's. At that time, I held a black belt in Tae Kwon Do and was studying traditional style Kung Fu, but knew I was ready for something different. After my first taste of awesome competition, *I was hooked!*

This year's event is on track to achieve even greater success as than previous *BORN TO FIGHT* events. In fact, with interest already brewing from some of the approximate 3000 attendees of last year, growth of full-contact extreme sports, and the development of the Born to Fight San Shou League, I am sure it will be more than explosively exciting. I am confident that with many returning competitors from backgrounds in point fighting, Karate, Kung Fu, Muay Thai, Jui Jitsu, and Olympic style Tae Kwon Do, the fight for a coveted *BORN TO FIGHT* trophy will be challenging, but in the reach of all those who train hard as champions.

The grand experience of *Super Fight Night* will be sure to impress all spectators. This year the reputation of *BORN TO FIGHT* will be sure to impress all with the high quality of skilled fighters from across the country competing for National Amateur Titles. Obtaining a *BORN TO FIGHT* title is one of the most prestigious of the year. This will be an event to remember for all who wish to see the top champions of the future.

I look forward to seeing all of you at the *BORN TO FIGHT IV Martial Arts Shootout and Super Fight Night*. I wish the best of luck to all competitors and patrons as they travel from near and far to achieve new levels of greatness. Please feel free to get up to date event details from www.BORNTOFIGHT.com. For more specific questions, I can be reached at cungle@cungle.com or (408) 729-4900.

Phone systems that do much more than voice.

What if your business phone system can...

- ...operate entirely over your existing LAN
- ...interconnect multiple offices over the Internet
- ...allow home workers to be regular extensions at the main office
- ...be selective about who calls your extension at what time of day
- ...integrate instant messaging, chat, and presence
- ...be incredibly fast to configure and change
- ...do a spinning back kick

Well our system can't do a spinning back kick, but it can do everything else. We're leaders in voice over IP technologies. Contact us today to see how we can help your business evolve into a smoother operation.

**"I looked better than ever.
I felt better than ever."**

When I train I like to push my self as hard as I can but sometimes I feel like I hit the wall. My training will consist of running, biking, weight lifting, wrestling, boxing, kick boxing, anything that will take the heart rate up. I know my body inside out and I know by adding patented, timed release Creatine and Glutamine from VitaTRP I have taken my performance to another level.

Just look at the results of my last super fight for K-1 after just 5 weeks of using the product. I looked better than ever, even after two years off from competition. In most cases fighters would look rusty, but that was not the case with me. I felt better than ever.
